## VIEWPOINTS

### Disciples are Disciple Makers

"The most basic concept of a disciple is that a disciple is a *disciple maker*. ... Folks, if you're a Sabbath School teacher, your job is to create another Sabbath School teacher. If you're an elder in a church, your job is to create another elder; if you're a youth leader,

your job is to create another youth leader. And then you say, so what do we do with all these people? That's multiplication: we plant more churches, we grow and expand the kingdom of God.”

— Ed Schmidt, director of the NAD Evangelism Institute, during NAD virtual staff worship on July 7, 2021
